OFFICIAL DISTRIBUTION

The **Saeyang** brand offers high-quality tools useful when performing professional manicure and pedicure treatments. The Saeyang products, valued among cosmetologists, are characterized by excellent workmanship, precision, and the use of innovative solutions.

MARATHON MULTI 800

- › foot drive
- › head stand

Professional device for manicure and pedicure treatments

The high-class **Saeyang Marathon MULTI800** nail drill is a professional device that **facilitates precise preparation of cuticles and nails** and the removal of remnants of previous styling, significantly improving preparation for further treatments. **The solid head and well-thought-out functionalities** make the nail drill perfect for professional use.

HEAD BS50C

- › speed: 50 000 rpm
- › cable length: 150 cm

Brushless BS50C head

The precise and functional **BS50C head** fits perfectly in the hand, ensuring high comfort during work. With a **maximum speed of 50,000 revolutions per minute**, the device makes performing treatments much easier. Equipped with a **Twist-Lock system**, it allows for quick and easy replacement of nail drill bits, making the work more intuitive. The solid construction of the head ensures **exceptional stability and precision**, crucial for more challenging tasks. The nail drill **effectively handles more intensive treatments**, guaranteeing comfort and safety during work. Additionally, its durability **ensures long-term, reliable use**, even under intensive usage. The plastic housing **reduces heat flow**, minimizing noticeable heating, and the **150 cm cable** ensures comfort during work.

one motion

Digital display and LED indicators

Using the knob, you can adjust the speed of the head **up to 50,000 revolutions per minute**, and the current speed is displayed on a **digital screen**. This allows efficient adjustment to individual needs and **comfortable performance of a wide range of treatments**. The buttons allow quick switching to the foot drive, changing the direction of rotation, and stopping the device (pause function), providing **full control over the nail drill** and making it easier to adapt its operation to the performed services. **LED indicators inform about the device's status**, showing the direction of rotation, activation of the foot drive, enabling the auto cruise function, and pause. **The device operation is simple, efficient, and intuitive**, which will certainly be appreciated by more demanding users.

Practical foot drive

The nail drill is equipped with a **foot drive**, which allows precise and convenient control of the speed of rotation without using your hands. Thanks to this solution, work becomes **more ergonomic and smoother**, which allows full concentration on the treatments performed. The foot drive is an **ideal solution** for professionals who value comfort and efficiency.

AUTOMATIC CRUISE CONTROL

allows you to maintain a constant speed after releasing pressure from the foot switch

Modern device

The **Saeyang Marathon MULTI800** nail drill **combines functionality with aesthetics**, meeting the expectations of even the most demanding professionals. **The futuristic housing** in shades of beige and brown, enriched with a delicate speckled finish, is eye-catching. Rounded edges and a matte finish give the nail drill a **professional appearance**, perfectly matching any beauty salon. The nail drill is made of **high-quality materials**, which are both durable and **easy to clean**, ensuring longevity and comfort of use. Additional rubberized feet **guarantee stability** of the device and protect surfaces from scratches. Thanks to its **functionality and aesthetics**, the nail drill not only serves its purpose but also becomes a **stylish piece of equipment**, emphasizing the modern style of interiors.
