

Azzurro brand offers high quality cosmetic armchairs and recliners, as well as multifunctional equipment of the combi type. Professional equipment is used, among others, in beauty salons, podological surgeries, massage studios or physiotherapy.

AZZURRO®

solutions for cosmetology

Comfort and functionality in one

The **Azzurro Lux** electric **cosmetic chair** is equipped with 4 actuators controlled by a wired remote control, which **enables smooth and precise adjustment of** individual elements. Intuitive operation and a wide range of adjustments make it easy to adapt the chair to the needs of both the client and the practitioner. It is **distinguished by its stability and versatility of use**, making it ideal for beauty, podiatry and aesthetic medicine surgeries.

remote control

*the seat has an
adjustable backrest and
footrest angle and a seat
height of 60-90cm*

Free adjustment by remote control

Convenient control with a wired remote control allows for **precise adjustment of the chair in four planes**: height adjustment, backrest angle, footrest setting and cradle function. This wide range of adjustment allows **the position to be perfectly matched to the type of treatment being performed** - both in terms of client comfort and specialist ergonomics. For ease of use, the remote control **can be hooked onto handles located on both sides of the seat**.

removable armrests

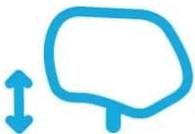

*facilitate efficient
seating, movable 180°*

Functionality to facilitate treatments

The seat height is adjustable **from 60 cm to 90 cm**, allowing the position to be comfortably adjusted to the height of both the client and the treatment practitioner. **When fully extended, the chair reaches a length of over 2 metres**, providing comfortable support for the entire body - even during treatments requiring a lying position. Thanks to such parameters, the equipment is **suitable for a variety of procedures**, both nursing and specialist, **guaranteeing ergonomic work** and a high standard of service.

adjustment to needs

*pull-out headrest
provides comfort
and convenience for
every customer*

Comfortable seat and practical armrests

The wide seat **ensures comfort even during lengthy procedures**. The easily removable and movable armrests, **which can be rotated 180°**, make it easy for the client to sit on the chair and **provide unhindered access** for the practitioner. The chair also features an adjustable headrest, which **guarantees stable head support** and additional comfort, especially for taller clients.

Facial and body treatment facilities

The chair is ideal for **cosmetic and beauty treatments**, as well as for physiotherapy or tattoo studios. The extendable headrest allows the chair to be adjusted to the client's height, providing **stable support for the head** during treatments. The ability to unfold the chair **into a recliner position** significantly expands its range of applications. Another advantage is the **hole in the headrest, discreetly concealed with a cap**, which increases comfort when lying down - especially during back treatments. Thoughtful design solutions translate into **user comfort and specialist ergonomics**.

**high
quality**

*the materials used
ensure ease of cleaning
and durability of the product*

Style and durability

The robust construction of the chair ensures **stability and durability** during everyday use. The seat is filled with foam of appropriately selected hardness to **guarantee comfort even during prolonged treatments**. The pleasant-to-touch imitation leather upholstery in shades of white gives the chair **a professional appearance**, while being **moisture-resistant and easy to clean**. The durable base guarantees stability, while **the carefully contoured hems** emphasise the modern character of the furniture and enhance the ergonomics of the seat.
