makes daily work easier  
by providing mobility  
and order in the workplace*

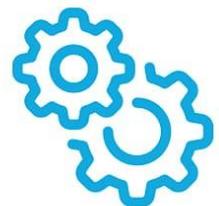

#### Comfort and mobility

The **Azzurro paddling pool trolley** with adjustable footrest height is an irreplaceable element of equipment in beauty and podiatry clinics. It facilitates everyday work, **ensuring mobility and order in the workplace**. This is a perfect solution for those who value comfort and efficiency.

### adjustability

---

*manually extendable  
footrest in the range of 20 cm  
allows to adjust it to  
different needs of the user*

## Solid construction and functionality

The footrest is **made up of three parts**, of which the middle one is extendable. Manual height adjustment allows it to be **raised by a maximum of 20 cm**. All elements of the footrest are upholstered with synthetic leather, which ensures **resistance to moisture and ease of cleaning**. As a result, the trolley **can be adjusted to the individual needs of the user**, which makes it an excellent solution for both cosmetic and podiatric treatments, **ensuring comfort and precision** of work in various positions.
